For your future planning:

We use 2 textbooks over the course of 3 years of Spanish. Spanish 2 is the “in-between year” in which we end the first level textbook and start the second level textbook.

Each year you need a digital license for each individual level. When you buy the bundle from Pearson listed above, you are buying a level 1 textbook AND a level 1 digital license. Next year you will buy another bundle of a level 2 textbook and level 2 digital license.

If you buy the book from somewhere else, you will need to separately buy the level 1 digital license this year, then still buy the level 2 digital license next year (as well as buy the level 2 textbook).
